Preparing Candidate for MRCS Examinations OSCE Course

The new revised PasTest MRCS Part B OSCE Course will prepare Candidate for the new style MRCS with Interactive Teaching Methods in Small Groups, in combination with Lectures, Vivas and Bedside Teaching with Patients. The Course replicates the OSCE style bays of the MRCS Royal Colleagues examination, allowing the participants the opportunity to perform in an OSCE exam situation. Each Course incorporates Small Group Work with One to One Feedback, and Simulated Role-Play with highly experienced and professionally accredited OSCE role players.

Health Management Courses

- Strategic Development.
- Cost service Improvements.
- Health Quality Education.
- Project Management.
- Health Impact Assessments.

General Education & Professional Development

- Helping overseas students in the enrolment process of UK Universities.
- Support and joint Post Graduate Supervisions.
- Personal & Professional Development.

We are able to design and deliver bespoke programmes for organisations as well as individuals. We can offer these in the United Kingdom and the Middle East. Please contact us for further information.
